Dear Hiring Manager,
 I am excited to apply for the role of JavaScript Developer at Eligo. When reviewing the company's website, I was excited to see that my qualifications and personal traits align with your needs and mission. I'm proficient at building full web applications from scratch to finish. I have an invaluable insight into the effective operation of developing and creating software solutions for a wide range of industries. Building easy-to-use, user-friendly websites, and applications is really a passion of mine and I am confident I would be an excellent addition to your organization. I bring a set of talents that I believe will be valuable to Eligo. I hone my abilities in the frontend, backend development, software testing, and quality control providing a solid foundation for the role.

 I am ready to take this knowledge in a new direction such as the one offered by your company. I am prepared to use my skills and experiences to develop and maintain software programs, improving functionality, and company reputation. I am excited to contribute my skills and proficiency towards the growth of the organization. I have defined my abilities in quick problem solving and applying abstract and technical concepts to proven techniques

I hope that you look favorably on my application by recognizing my enthusiasm and potential for this role. Thank you for taking the time to consider my application and I look forward to discussing my application further
